Dear Dr. Tcheknavorian-Asenbauer,

Thank you very much for your fax message of 16 April and for acceptance of our invitation. For CHEMRAWN-VIII participants it will be most interesting in our opinion to obtain information relating to UNIDO's activity in transfer of cleaner chemical technologies and to recommendations of the UNIDO conference on ecologically sustainable industrial development (see * in the enclosed preliminary programme) (pages 2 and 4)

We offer you the choice - to combine both topics or to propose an additional speaker for one of them. In every case we will be very obliged to you.

At this moment we have positive answers from more than 75% of invited speakers. So, we hope to finalize programme to the end of April.

Sincerely yours Valentin Koptiyug
