A member of the International Council of Scientific Unions

Prof. V.A. Koptug
Coordinator of Chemistry and Environment
Programme

22 October 91

Dr. M. Williams
IUPAC, Executive Secretary
Oxford, UK
Fax: +44 (865) 747510

Dear MO,

Re: 1136/MW/SH/91 of October 15th

It is desirable to have reserved money (USD 12000) on the account of IUPAC secretariat starting from January 1992.

Re: 1137/MW/ES/91 of October 16th

I recommend to use first of all fax number 007(095)230 20 43. My secretary in this office immediately transmit the text by fax to Novosibirsk. The fax with number 007(095)230 2630 is in the same building therefore my secretary receives fax message 5 minutes later. The communication through Dr. Z. Samoylova works much more slowly.

Re: 1151/MW/91 of October 18th

We have agreed that the positions of Sub-Programme

Coordinators should be taken (starting from Hamburg) by Division Presidents and Bureau Members. Therefore we should consider as members of CCCEP: Prof. A. Hulanicki, Dr. P. Stejn, Prof. H.P. Lehmann, Prof. A.E. Fischli, Prof. K.I. Zamaraev, Dr. A. Hayes and Prof. K.V. Sané (special case). It is desirable (on my opinion - necessary) to invite all ~~the~~ Coordinators of Sub-Programme who are Bureau members to attend pre-meeting of Division Presidents for presenting the information on current state of Sub-Programmes.

In the case of Prof K.V. Sané may be it will be enough to request the corresponding information by post.

With best wishes

Sincerely yours

Valentin Koptjug
